

FX 3000S

HEAVY DUTY SLIDING GATE OPENERS-AC

- A copper motor with strong starting torque can drive a gate weighing 3000 Kg.
- A long-life reducer that is oil-immersed, has low noise, and provides good cooling performance.
- Due to the high temperature, the motor is protected by a thermal protector inside.

TECHNICAL DATA

MODEL NO	FX 3000S
Power supply	Three-phase AC 380V 50Hz
Motor Power	750W
Output torque	100N.m
Opening speed	12m/min (19T) /14m/min (24T)
No-load noise	56dB
Limit Switch	Magnet
Max. gate	≤3000kg
weight	1400RPM

DESIGNED FOR RESIDENTIAL APPLICATION
